Course Outcomes:

- CO1 Able to form NGOs
- CO2 Able to find out the source of funding to the NGOs
- CO3 Able to get employment at NGOs
- CO4 Can become Counsellors /Advisors to the NGOs

MRDC 203 Rural Infrastructural Development

Course outcomes:

- CO1 Able to understand the need of rural infrastructure
- CO2 Can get a way to create and maintain the rural infrastructure
- CO3 Can create an awareness about the renewable energy resources

CO4 Can make a propaganda to reduce the use of non-renewable energy

MRDC 204 Field Placement Programme

Course outcomes:

CO1 Can get the information about the formation of an NGO to start an NGO

CO2 Able to get employment at the NGOs.

CO3 Become an advisor of the NGOs.

MRDE 205 Micro, Small and Medium Enterprises & Rural Development (Inter Department Elective Course)

Course outcomes:

CO1 Acquiring knowledge about MSME

CO2 Able to establish micro enterprises

CO3 Capable to Setting up of MSME

MRDE 205 -1Women Studies (Departmental Elective –I)

Course outcomes:

CO1 Capable to formulate for women development

CO2 Ability to conduct women development programme at the rural area

MRDE 205 -2Rural Resource Management (Departmental Elective –II)

Course outcomes:

CO1 Capable to obtain knowledge and skills on rural resource Management

CO2 Gaining & applying the principles of rural resources management.

MRDC 301 Communication and Extension Techniques

Course outcomes:

CO1 able to get Skill on communication

CO2 can acquire knowledge on different extension methods

CO3 Capability on field demonstration methods

MRDC 302 Research Methodology

Course outcomes:

CO1 Knowledge on social science research

CO2 Capability to collect data at the filed level

CO3 Proficiency in data analysis through Software packages

MRDC 303 Rural Entrepreneurship Development

Course outcomes:

CO1 Acquiring knowledge about entrepreneurship and entrepreneurial activities

CO2 Capability to start rural business

CO3 Expertise in SWOT analysis

MRDC 304 Field Practicum (Block Placement)

Course outcomes:

CO1 Knowledge about the village adoption

CO2 Practical knowledge on rural problems

CO3 Complete details about the Block Development Office, DRDA and their functions

MRDE 305-1 Swachh Bharat Programme (Inter Departmental Elective)

Course outcomes:

CO1 Can participate in the programme for the sanitation development

- CO2 Adoption of villages and to implement the programme
- CO3 Create awareness among the rural people on this aspect
- CO4 Able to take up the village visit and field work

MRDC 405 (Elective) Rural Tourism & Employment Generation

Departmental Elective1)

Course outcomes:

- CO1 Obtain Knowledge on rural tourism
- CO2 Can become a rural tourism organizer
- CO3 Can become a rural tourism guide

MRDE 305 -2 Voluntarism and Rural Development (Departmental Elective II)

Course outcomes:

- CO1 Capable to start NGO
 - CO2 Ability to conduct NGO activities
 - CO3 Able to work with the communities
- SOSC 306SOFT SKILLS

MRDC 401 SHGs and Women Empowerment

Course outcomes:

- CO1 Capable to form SHGs
- CO2 Become an advisor to the SHGs
- CO3 Capability to start an entrepreneurial activity

MRDC402 Disaster Management

Course outcomes:

- CO1 Knowledge about the different types of disaster
- CO2 Differentiate between natural and manmade disaster
- CO3 Handling the disaster (Mitigation and rehabilitation process)

MRDC 403 Case Study & Village Survey

Course outcomes:

- CO1 Well versed in village survey
- CO2 Proficiency in case study
- CO3 Possibility to get the job of enumerator

MRDC 404 Project Work

Course outcomes:

- CO1 Acquiring skills to take up a project
- CO2 Expertise in a rural project
- CO3 Capability to different techniques of projects

M.A. RURAL DEVELOPMENT -FIVE YEAR PG PROGRAMME

IRDC 13 Introduction to Rural Development

Course outcomes:

- CO1 Knowledge about the Rural Development
- CO2 Conditions of the Rural Population
- CO3 Achievement of RD Programmes during the Five-Year Plans
- CO4 Approaching process of RD Programmes

IRDC 14 Rural Economy

Course outcomes:

- CO1 Know the structure of the Rural Economy
- CO2 Complete knowledge on Land reform and problems of migration Ways of resource conservation

IESC 15 Environmental Studies

Course outcomes:

- CO1 Knowledge on environmental structure
- CO2 Reasons for resource depletions
- CO3 Climate change and its impact on sustainable development

IRDA 16 Principles of Sociology

Course outcomes:

- CO1 Role of sociology in Rural Development
- CO2 Knowledge on Social groups, Social culture and social institutions

IRDC 23 Rural Industrialization

Course outcomes:

- CO1 Knowledge on Need for Rural Industries
- CO2 Knowledge About the Agro based industries

Course outcomes:

CO1 Understand about the hardware and software
CO2 Know about the employable packages
CO3 Complete knowledge on Internet and related things

IRDC 43 Rural Youth Welfare

Course outcomes:

CO1 obtain Awareness about the youth development
CO2 able to Process the capacity building among rural youth
CO3 gather Information on National Programmes for youth

IRDC 44 Rural Health Care Delivery System

Course outcomes:

CO1 Aware about the rural health
CO2 acquire Knowledge about the health care delivery system
CO3 Aware about the Rural Health Programmes

IRDC 45 Regional Planning for Rural Development

Course outcomes:

CO1 Well versed in Regional Planning theories
CO2 Knowledge on GIS and its uses on regional planning
CO3 More information on preparation of Micro Level Planning

IRDC 46 Rural Development and Population Dynamics

Course outcomes:

CO1 to be aware about the Census, population distribution and structure
CO2 acquire the knowledge on Migration and it causes
CO3 able to formulate Population policies of the country

IRDA 47 Basic Statistics**Course outcomes:**

- CO1 Acquiring basic statistical knowledge
- CO2 Computation ability
- CO3 Capability in statistical applications
- CO4 able to collect and analyse the data

IRDC 51 Economics Principles**Course outcomes:**

- CO1 Application of economics theories in Rural Development
- CO2 Able to analyse the current market structure
- CO3 Capable to analyse the consumer behavior in the rural areas
- CO4 Could become well versed in basic economic theories

IRDC 52 Rural Development Administration**Course outcomes:**

- CO1 Acquiring knowledge on Rural Development Administration
- CO2 Complete information about the PRI & Act
- CO3 Advantages of knowing decentralization process

IRDC 53 Organic Agriculture**Course outcomes:**

- CO1 Awareness about the organic farming
- CO2 Knowledge about the Sustainable Agriculture and Sustainable Irrigation
- CO3 able to perform different farming system
- CO4 can adopt different farming technology

IRDC 54 Rural Banking**Course outcomes:**

- CO1 Knowledge on Rural Banking Systems
- CO2 Understand the role of NABARD in Rural Development

IRDC 55 Management of Rural Development Projects**Course outcomes:**

- CO1 Capability to manage the Rural Development Projects
- CO2 Acquiring evaluator skills
- CO3 Able to apply project management techniques

IRDC 56 Gandhian Approaches to Rural Development**Course outcomes:**

- CO1 Able to promote the Gandhian Economy
- CO2 Knowledge on Village industries
- CO3 Capable to establish the village industries

IRDC 61 Energy Resources for Rural Development**Course outcomes:**

- CO1 Awareness about the bio energy
- CO2 Energy management system
- CO3 Ability to manage and conserve energy
- CO4 able to Planning for energy management

IRDC 62 Corporate Social Responsibility in Rural Development**Course outcomes:**

- CO1 Role of corporate in Rural Development
- CO2 Implementing CSR projects
- CO3 Able to get employment as CSR Managers

IRDC 63 PRA Methods and Techniques**Course outcomes:**

- CO1 able to apply the aspects of PRA
- CO2 Field level application of PRA at village level
- CO3 can acquire the Capacity building and its components

IRDC 64 Micro, Small and Medium Enterprises & Rural Development**Course outcomes:**

- CO1 Acquiring knowledge about MSME
- CO2 Able to establish micro enterprises
- CO3 Setting up of MSME

IRDC 65 Agricultural Economy**Course outcomes:**

- CO1 Able to analyse the economics aspects of agriculture
- CO2 Knowledge about the Green Revolution and its impact
- CO3 Providing solutions to the agricultural problems

IVEC 66 Value Education**Course outcomes:**

- CO1 Obtain the knowledge of value and value of education
- CO2 Can follow the ethics and ethical value
- CO3 able to follow the human rights and ethical values

IRDC 71 Rural Development: Policies and Strategies**Course outcomes:**

- CO1 Able to adopt the different approaches of rural development
- CO2 Apply the theories in practice
- CO3 Spread the knowledge of Rural Development Programmes

IRDC 72 Inclusive Development

Course Outcome
CO1 Able to importance of SC/ST/Minorities for inclusive development
CO2 Can work for marginalized and disadvantaged groups

IRDC 73 People's Participation in Rural Development**Course outcomes:**

- CO1 Create awareness to the people on people's participation
- CO2 Able to take up the Rural Participatory Appraisal
- CO3 Can solve the issues of Participatory Evaluation

IRDC 74 Common Property Resources for Rural Development**Course outcomes:**

- CO1 Able to identify the common property resources
- CO2 Can sort out the issues of common property resources
- CO3 Give the management solutions to sustain the common property resources

IRDE 75-1 Rural Development & Extension (Interdepartmental Elective)**Course outcomes:**

- CO1 Capable to go for transfer of rural technology
- CO2 Ability to conduct extension programmes at the rural area

IRDC 81 Rural Project Planning, Monitoring and Evaluation**Course outcomes:**

- CO1 Able to prepare rural projects
- CO2 Capable to plan rural projects
- CO3 Can become a project monitor and evaluator

IRDC 82 Role of NGOs in Rural Development

- Course Outcome
- CO1 Able to form NGOs
 - CO2 Able to find out the source of funding to the NGOs
 - CO3 Able to get employment at NGOs
 - CO4 Can become Counselors/Advisors to the NGOs

IRDC 83 Rural Infrastructural Development**Course outcomes:**

- CO1 Able to understand the need of rural infrastructure
- CO2 Can get a way to create and maintain the rural infrastructure
- CO3 Can create an awareness about the renewable energy resources
- CO4 Can make a propaganda to reduce the use of non-renewable energy

IRDC 84 Field Placement Programme**Course outcomes:**

- CO1 Can get the information about the formation of an NGO to start an NGO
- CO2 Able to get employment at the NGOs.
- CO3 Become an advisor of the NGOs.

IRDE 85 Micro, Small and Medium Enterprises & Rural Development (Inter Departmental Elective)**Course outcomes:**

- CO1 Acquiring knowledge about MSME
- CO2 Able to establish micro enterprises
- CO3 Capable to Setting up of MSME

IRDE 85 -1 Women Studies (Departmental Elective)**Course outcomes:**

- CO1 Capable to formulate for women development
- CO2 Ability to conduct women development programme at the rural area

IRDE 85-2 Rural Resource Management (Departmental Elective –II)**Course outcomes:**

- CO1 Capable to obtain knowledge and skills on rural resource Management
- CO2 Gaining & applying the principles of rural resources management.

IRDC 91 Communication and Extension Techniques**Course outcomes:**

- CO1 able to get Skill on communication
- CO2 can acquire knowledge on different extension methods
- CO3 Capability on field demonstration methods

IRDC 92 Research Methodology

Course outcomes:

- CO1 Knowledge on social science research
- CO2 Capability to collect data at the field level
- CO3 Proficiency in data analysis through Software packages

IRDC 93 Rural Entrepreneurship Development**Course outcomes:**

- CO1 Acquiring knowledge about entrepreneurship and entrepreneurial activities
- CO2 Capability to start rural business
- CO3 Expertise in SWOT analysis

IRDC 94 Field Practicum (Block Placement)**Course outcomes:**

- CO1 Knowledge about the village adoption
- CO2 Practical knowledge on rural problems
- CO3 Complete details about the Block Development Office, DRDA and their functions

IRDE 95-1 Swachh Bharat Programme (Inter Departmental Elective –I)**Course outcomes:**

- CO1 Can participate in the programme for the sanitation development
- CO2 Adoption of villages and to implement the programme
- CO3 Create awareness among the rural people on this aspect
- CO4 Able to take up the village visit and field work

IRDE 95-1 Rural Tourism & Employment Generation (Departmental Elective-1)**Course outcomes:**

- CO1 Obtain Knowledge on rural tourism
- CO2 Can become a rural tourism organizer
- CO3 Can become a rural tourism guide

IRDE 95 -2 Voluntarism and Rural Development (Departmental Elective –II)**Course outcomes:**

- CO1 Capable to start NGO
- CO2 Ability to conduct NGO activities
- CO3 Able to work with the communities

ISSC 96 Soft Skills**Course outcomes:**

- CO1 Acquire knowledge on soft skills
- CO2 Able to communicate and write
- CO3 Development of interpersonal skills
- CO4 Obtain business and professional skills

IRDC 101 SHGs and Women Empowerment**Course outcomes:**

- CO1 Capable to form SHGs
- CO2 Become an advisor to the SHGs
- CO3 Capability to start an entrepreneurial activity

IRDC 102 Disaster Management**Course outcomes:**

- CO1 Knowledge about the different types of disaster
- CO2 Differentiate between natural and manmade disaster
- CO3 Handling the disaster (Mitigation and rehabilitation process)

IRDC 103 Case Study & Village Survey**Course outcomes:**

- CO1 Well versed in village survey
- CO2 Proficiency in case study
- CO3 Possibility to get the job of enumerator

IRDC 104 Project Work**Course outcomes:**

- CO1 Acquiring skills to take up a project
- CO2 Expertise in a rural project
- CO3 Capability to different techniques of projects
