ABOUT THE DEPARTMENT

The Department of Civil Engineering is one of the ancient and well-established departments in Annamalai University. The department offers undergraduate programmes, two postgraduate programs such as Environmental Engineering, Water Resources Engineering & Management and the Doctoral Programme in Civil Engineering

VISION

To become
School of Excellence in Civil Engineering
with **Conformity, Quality and Standards** in
teaching, research, training and consultancy
towards producing globally competent Civil Engineers.

MISSION

- M1:** To Promote quality in education, research and professional training for satisfying the needs of industry and society.
- M2:** To provide state-of-the-art facilities and resources that contribute to a congenial learning environment.
- M3:** To establish Centers of Excellence in emerging areas of Civil Engineering for the students to acquire domain specific expertise and also facilitate Industry-Institution interaction.
- M4:** To inspire the students to pursue higher education and take competitive examinations and various career enhancing programs.
- M5:** To instill the professional ethics and their role for sustainable development and corruption-free country.

MESSAGE FROM PROF&HEAD

Dr.S.POONGOTHAI
PROFESSOR & HEAD

I am very happy to publish the Department newsletter "CIVILIZE" for the academic year 2021-22. This newsletter highlights various events, activities and symposium organized by the Department of Civil Engineering. It is my privilege to register the record for conducting several on-line webinars, conferences, workshops even though we fight against COVID19. I believe the lectures and workshops helpful to the student's community in sharing innovative ideas and knowledge for equipping them with the new construction method, material and skills in the modern construction. The various events like technical session on BIM, Motivational talks on Higher Education by Dignitaries are few examples. The information on current job opportunities and recent research areas in Civil Engineering are shared through alumni meet. I congratulate the team members in bringing this newsletter successfully.
