Vision:

Providing educational opportunities to aspiring students with a view to imbibe the essential concepts along with emergent developments in the chosen fields of study, Instilling the mindset and measures for cultural and social upliftment, and Contributing to the national paradigm of collective responsibility in the path towards growth and prosperity.

ABOUT THE DEPARTMENT

The Department of Civil Engineering is one of the ancient and well-established department in Annamalai University. The department offers under graduate programme, two postgraduate programs such as Environmental Engineering, Water Resources Engineering & Management and the Doctoral Programme in Civil Engineering.

VISION

To become

**School of Excellence in Civil Engineering
with Conformity, Quality and Standards in
teaching, research, training and consultancy**

towards producing globally competent Civil Engineers.

MISSION

- M1: To Promote quality in education, research and professional training for satisfying the needs of industry and society.
- M2: To provide state – of – the – art facilities and resources that contributes to a congenial learning environment.
- M3: To establish Centers of Excellence in emerging areas of Civil Engineering for the students to acquire domain specific expertise and also facilitate Industry- Institution interaction.
- M4: To inspire the students to pursue higher education and take competitive examinations and various career enhancing programs.
- M5: To instill the professional ethics and their role for sustainable development and corruption - free country.

MESSAGE FROM PROF & HEAD

Dr.V.Nehru Kumar
PROFESSOR & HEAD

I am very happy that our civil engineering department is releasing the issue of December 2019 newsletter "Civilize". This is definitely a forum for showcasing the technical talents of the students in the department. The major strength of department is the team of well qualified and dedicated faculties who are continuously supporting the students for their academic excellence. For this semester we have arranged several special lectures, educational trip and engineer's day celebration to enhance knowledge of our students. I take this opportunity to congratulate the staff editors for their great efforts to make this newsletter as a reality. Also, I invite the readers of Civilize for their contribution and suggestions for the forthcoming issues.

Special Lectures

SOFTWARE TRAINING PROGRAMME
